

EMISSIONS AND PERFORMANCE MANAGEMENT DASHBOARD

One platform. Integrated performance.
Decision-ready insights.

Unified visibility across compliance, emissions, operational, technical and commercial performance – across fleet and voyage.

FIVE INTEGRATED PERFORMANCE LAYERS

ONE SYSTEM. ONE DATASET. ONE VIEW ACROSS YOUR FLEET.

Single source of truth across compliance and performance.

AUDIT-READY DATA
Structured, accurate and ready for verification.

FLEET-WIDE VISIBILITY

Real-time visibility across fleet and vessel performance.

PERFORMANCE INSIGHTS

Track operational, technical and commercial performance effortlessly.

SMARTER DECISIONS

Data-driven insights to optimise efficiency, cost and compliance.

REPORTING MADE EASY

Automated, audit-ready reports for multiple frameworks.

USE CASES

Reduce EU ETS Exposure
Track emissions, allowances and costs in real time.

Improve CII Rating
Identify performance gaps and take corrective actions.

Optimise Voyage Efficiency
Leverage data to optimise speed, fuel use and operational decisions.

From regulatory reporting to vessel performance—
everything in one place.
